GARMENT SPECIFICATION

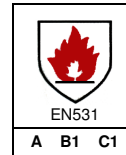

No: K8046	Date: 20.06.11
------------------	----------------

Description:	Long Sleeve Turtle Neck Shirt
Sizes:	XS to XXL as standard, additional sizes on request
Fabric reference and description:	K-03220 Weft knitted 1x1 Rib
Fabric composition:	50% Kermel 50% FR Viscose
Labels:	size, contents and wash label; swing tag
Packaging:	Single in clear polythene bag with user instruction insert

Compliance: This garment conforms to prEN533:1996 (Certificate number 2/7808)

Wearer Advice: Qualified personnel must advise the following:

- Correct wearing of this garment
- Compatibility with other PPE items
- Has the garment reached its operational limit and what action needs to be taken?

Limitations of Use: This garment has been designed to be worn next to the skin to give a specified level of protection against accidental contact with flame. The garment is for use as secondary protection against heat and flame and must be worn with other protective garments.

Product Care: This garment does not have a shelf life. Inspection for any damage or contaminants should be carried out on a regular basis. It is recommended that garment damage shall be repaired using inherently flame retardant fabrics or threads.

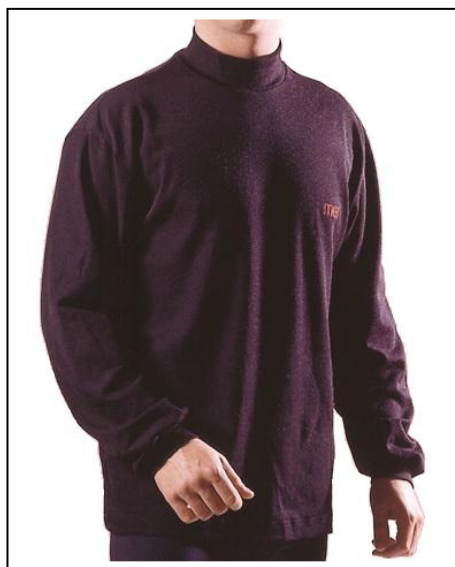

Laundering: This garment is fully washable. Inadequate removal of contaminants may drastically reduce the heat and flame protection offered. There is a possibility of damage/loss of performance if incorrectly washed or dried and therefore it is recommended that the garment should be professionally cleaned.

Storage: Always store in a clean, dry condition. Do not store in direct sunlight.

Innocuousness: To the best of our knowledge, the material components utilised in the manufacture of this garment does not contain any substances that are known to adversely affect user hygiene or health.

Garment Disposal: This garment is suitable for disposal via landfill sites in accordance with European Standards.
